from AIS to AIM**

Are you on track?

AIM Training

The revision to ICAO Annex 15, effective in November 2018, along with the new PANS-AIM (Doc 10066), introduces significant changes to the way that aeronautical data is originated, managed and provided.

ITV's training is open to all participants of the Aeronautical Data Chain and supports the development of competencies to transition from AIS to AIM.

GOALS

- ✘ Recognise the changing ATM requirements for aeronautical information
- ✘ Understand the changes and prepare the transition towards a data centric AIS
- ✘ Reveal the size of the task
- ✘ Empower participants to apply the knowledge gained

EXPERTISE

- ✘ Tailored courses to meet organisational requirements
- ✘ Training from instructors with proven practical AIS-AIM domain experience

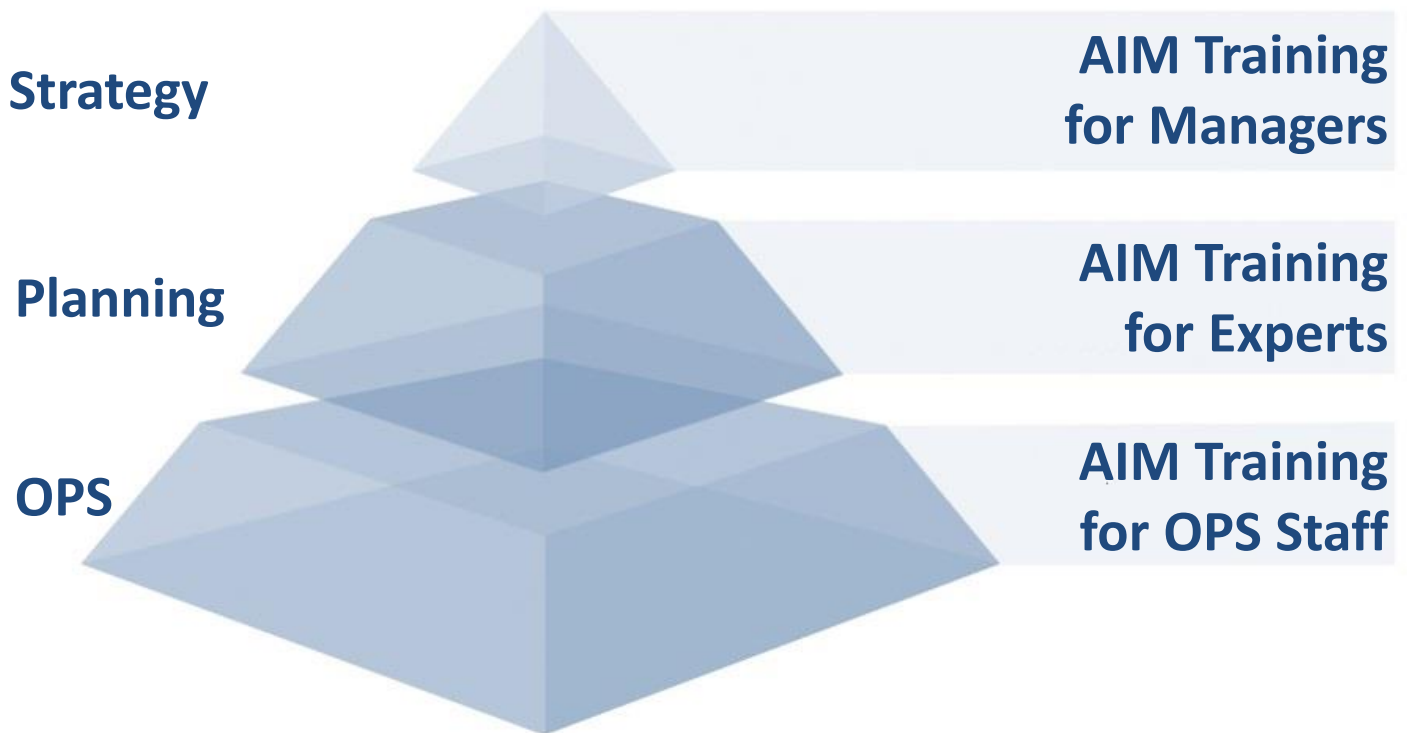

BENEFITS

- ✘ Understand AIM in the modern ATM network
- ✘ Bring stakeholders together
- ✘ Shorten the journey to achieve compliance
- ✘ Reduce the risk of non-compliance

AUDIENCE

- ✘ Civil Aviation Authorities
- ✘ Air Navigation Service Providers
- ✘ Airports
- ✘ Data Integrators
- ✘ Data Originators
- ✘ Solution Providers

Bringing more than just theory

Our AIM instructors have hands on AIS to AIM experience gained from working with originators, regulators and service providers in implementing AIM. In addition to having contributed to the development of the new ICAO Annex 15 and PANS-AIM, our instructors engage in working arrangements of ICAO and EUROCONTROL and also participate in Global AIM events of IFAIMA.
