

**Your journey
from AIS to AIM**

Are you on track?

AIS Compliance Support

The revision to ICAO Annex 15 effective in November 2018, along with the new PANS-AIM (Doc 10066), introduces significant changes to the way that aeronautical data is originated, managed and provided.

ITV can support customers by helping to analyse the current regulatory framework and AIS arrangements, and prepare a roadmap for achieving compliance.

SERVICES

- ✘ Analyse National law, policies, standards, rules and regulations applicable to AIS
- ✘ Support the development of a common approach towards compliance with AIS and the Regulator
- ✘ Develop compliance objectives with the Regulator and AIS provider
- ✘ Carry out milestone reviews
- ✘ Conduct a pre-inspection compliance review
- ✘ Prepare an AIS compliance file to support the inspection

BENEFITS

- ✘ Address AIS compliance by a systematic approach
- ✘ Shorten the journey to achieve AIS compliance
- ✘ Reduce non-compliance risk
- ✘ Achieve AIS compliance for the licence to operate

CUSTOMERS

- ✘ Civil Aviation Authorities
- ✘ Air Navigation Service Providers
- ✘ Aerodromes
- ✘ Data Originators
- ✘ Solution Providers

AIS Compliance Aspects

Your proven partner for AIS compliance

Addressing AIS compliance contributes to safety. Our consultants have hands on AIS compliance experience gained from working together with service providers and regulators in achieving AIS compliance. Our consultants have contributed to the development of the new ICAO Annex 15 and PANS-AIM and we engage in different working arrangements of ICAO and EUROCONTROL and closely follow EASA developments in Europe.
